

This is to Certify that on the 1st of April 2025, Mark Campbell set out to chase the elusive Bun Burner Gold - an extreme 1,500 plus mile ride in twenty-four hours where there is little time for anything to go wrong at a time of year where the weather is rarely cooperating for a long day in the saddle - a.k.a. the aptly named Bun Burner Fools Gold. Mark conquered this ride on his 2024 BMW R1250GS Adventure booking 1,543 miles in less than twenty-four hours starting in Hernando, Mississippi continuing on to Oklahoma City, Oklahoma; Dallas, Texas; Jackson, Mississippi and Jackson, Tennessee where he reversed course before returning to Hernando.

The Bun Burner Fools Gold was conducted under very strict guidelines set forth by the Iron Butt Association. Only a handful of riders from around the world have managed to solve the equation of time, distance and endurance to complete the Fools Gold.
